FUTURE CAREER DEVELOPMENT

- The establishment of this department aims to cultivate theater generalists with humanistic literacy, who can display their talents in theater arts, performing arts, film and television and other fields after graduation.
- Advanced study :
- You can apply for various theater and art-related research institutes in Taiwan, or go abroad for advanced studies in theater arts, film, art, communication, television, visual arts and other fields.
- Employment :
- You can take part in public service examinations or cultural and art-related institutions, such as theater troupes, foundations, film and television communication companies, advertising companies, and television stations, and you can also work in middle school art education. In addition, you can also use your own major to start your own business.
