

# Department of Architecture and Urban Design

# Department of Architecture and Urban Design

1. One of the few departments in the country named 'Architecture' that offers consistent undergraduate, master's, and doctoral programs. All three levels - bachelor's, master's, and doctoral - have passed evaluation with excellence for six years.
2. Starting from the 112th academic year, The Department of Architecture and Urban Design offers specialized tracks such as the "Architectural Group" and the "Interior Design Group."
3. The only interior design department in the country that qualifies for the national architectural licensing examination.
4. Starting from the 113th academic year, the program has been changed from a five-year to a four-year system to increase competitiveness among similar schools. ◦

The Department of Architecture and Interior Design, along with the Interior Design Certification Class and Interior Design Refresher Course, provide an integrated service system. ◦

# Enrollment Promotion Guidelines

## (一) Promoting the Department of Architecture and Urban Design and its features:

Reasons for applying to the Department of Architecture and Urban Design at Culture University. :

1. Consistent learning across Bachelor's, Master's, and Doctoral programs. ◦
2. The department has signed a dual degree agreement with Harbin Institute of Technology, and students are currently enrolled. ◦
3. The department offers a variety of generous scholarships, including the Ding Yu-Qun Memorial Scholarship, Director Hsu Hsiu-Fu Memorial Scholarship, and Professor Tsai Tian-Bi Memorial Scholarship. These scholarships amount to 700,000 to 800,000 NTD and are awarded annually.
4. Immediate employment upon graduation, with the majority of our faculty being practicing architects, providing numerous employment opportunities
5. Many alumni from our department have entered the architecture-related industry, providing graduates with extensive social network resources once they join the workforce.
